TECNOLOGIA

O **grupo r. casagrande** atua desde 1.975 no mercado cerâmico e através da **PERKUS** se consolidou como o **maior fabricante** de telhas semigres do país.

Com a proposta de desenvolver telhas cerâmicas esmaltadas, naturais e o mais completo e inovador **Sistema de Cobertura**, tecnologia e design italiano de ponta e altíssimo padrão de acabamento, nossa missão é ir além do objetivo funcional de proteção e impermeabilidade.

Hoje é **líder** e **referência** no segmento, sustentando sua posição com mais de 200 milhões de telhas vendidas ao longo dos anos no Brasil e Exterior.
